

ASF Recycled Plastic Bollards: ASF 903RP

Material:	Environmentally Impeccable 100% recycled plastic
Dimensions:	Bollards are 140mm square as standard and 1440mm long. Other sizes are available on request.
Colour:	ASF Enviro black. Other colours are available on request
Visibility Bands:	Visibility bands can be added in a machined recess
Ram Raid:	Whilst recycled plastic bollards are not designed as ram raid protection bollards, ASF can core them and add a steel core which strengthens them greatly. The steel used is from recycled sources
Adaptations:	Bollards can be adapted to form part of a post and rail system or have eyes added for chain
